

BERMUDA GOURMET SAFARI

A progressive rum tasting, and degustation is conducted in our very own Chef's Garden.

This experience provides our guests with a unique educational experience coupled with elegant outdoor dining. The safari aspect consists of a guided tasting of a rum selection infused with local botanicals and spices and indigenous cuisine, as the sun is setting. After the tasting, guests indulge in a five-course Chef's degustation dinner in the herb garden overlooking the golf course and Harrington Sound - utilizing a menu featuring local seafood and produce in an elegant outdoor setting, paired by the Sommelier's selection of wine. This experience can be enjoyed by up to six guests at a time.

Seasonal and weather dependent (recommended from April to October).
